EU QUALITY SCHEMES

- EU quality policy aims at protecting the names of specific products to promote their unique characteristics, linked to their geographical origin as well as traditional know-how.

EU QUALITY SCHEMES

- **Protected designation of origin (PDO)**

Product names registered as PDO are those that have the strongest links to the place in which they are made.

Every part of the production, processing and preparation process must take place in the specific region.

EU QUALITY SCHEMES

- **Protected geographical indication (PGI)**

PGI emphasises the relationship between the specific geographic region and the name of the product, where a particular quality, reputation or other characteristic is essentially attributable to its geographical origin.

For most products, at least one of the stages of production, processing or preparation takes place in the region.

EU QUALITY SCHEMES

- Mountain products:

Highlights the specificities of a product, made in mountain areas, with difficult natural conditions. *Art. 31 Regulation (EU) n° 1151/2012 and Regulation (EU) n° 665/2014*

OTHER QUALITY LABELS

- **GUARANTEE LABEL**

Only protects the product in the national territory.

Requires a favorable report from the administration based on studies of characterization and differentiation of the product
